Dr. John D. Cash,
 Scottish National Blood Transfusion Service,
 Headquarters Unit,
 Ellen's Glen Road,
 EDINBURGH, EH17 7QT.

13th January, 1987.

Dear Dr. *J.D.* Cash,

Thank you for your letter of 7th January, (which arrived today).

In answer to your questions:-

(a) We take the same view as Dr. Ludlam; that the SHHD must give written assurance concerning compensation, as outlined in Dr. Ludlam's letter.

(b) In response to your supplementary questions, we should say that we have not been asked so far to test in-vivo Z8, so the answers are theoretical but are as follows:-

(i) We would be prepared to perform recovery and t/2 life studies on the Z8 product.

(ii) If it proved on testing to be active, and did not produce any untoward effects on the patients tested, we would be prepared to use it for routine clinical purposes.

(iii) Your last question clearly does not concern us.

Kind regards.

Yours sincerely,

Bennett
