7th March 1985.

Dr K Froebel
University Dept. of Medicine
Glasgow Royal Infirmary
GLASGOW

Dear Dr Froebel

At Dr Perry's request, I am enclosing samples from a solution of unheated factor VIII batches for you to arrange HTLV III screening.

The samples are coded 1 to 50 in a random fashion, and date from 1980 onwards.

With Best Regards

Yours sincerely

T A McQuillan
Laboratory Manager
