HQ Unit

Dear David

COAGULATION FACTORS IN SCOTLAND

Further to our discussion on the above, I enclose the attached summary of the year to end of June 1990 with the following caveats:

1. Usage figures for Glasgow Royal Infirmary for May/June 1990 are estimates.

2. We assume that each product is being used in the specified indications - it almost certainly is - but cannot be guaranteed.

Best regards

Yours sincerely

R R C Stewart
Clinical Trials Manager
