Dear Ewa,

Enclosed please find at last what I hope will be the final versions both of "Selection and Care of Donors" and "Notes on Transfusion" (this comment has been heartily echoed by my Secretary!!)

I have not sent copies to all RTDs because of the sheer weight of copy required. If these versions are acceptable, perhaps they could be ratified at the next RTD meeting on 22nd September, after which we can forward these documents to the DHSS for printing.

Please note that both documents should finish up as pocket-sized editions.

Finally, do we require any sort of foreword?

Yours sincerely,

C.C. Entwistle  
Director

Many thanks are again for

Your many contributions.

Mr. Watt,  
I phoned Dr Brookes/ Secretaries to advise them that you were out of the country & I hadn't seen the attached in order to make any necessary amendments. I told them that you would phone with any comments on Thursday or thereafter. The meeting takes place at 11am TPA.

You can phrase Dr. Entwistle's Secretary  
(Mrs. Harries) if you have any comments &  
she'll pass these on to Dr. Entwistle at the  
meeting in London.
