Dear Richard

Hepatitis Reduced Factor VIII Concentrate

Many thanks for your letter of the 21st December.

Once again I can only apologise for my tardy performance at the meeting.

The reason I didn't write my letter to Arthur on the 17th December was that although he acted as Chairman I was unclear as to the status of the meeting and, indeed, who had convened it. Certainly, I would not wish to imply any criticism of Arthur or any discourtesy. At the same time I felt, on reflection, that the problems I was raising were very much, in the context I had conveyed them, matters for BTS to consider, at least in the first instance - hence the copy to Harold.

Perhaps the best way forward would be for you to discuss the matter with Harold and feel entirely free to further discuss the problem with Arthur, if you so wish.

Kindest regards,

Yours sincerely

John D Cash
