Dr R J Perry,  
Director (Acting),  
Scottish National Blood Transfusion Service,  
Protein Fractionation Centre,  
Ellen's Glen Road,  
Edinburgh  
EH17 7QT.

Dear Dr Perry,

Thank you for your letter of 15th November, 1984. Enclosed is a copy of the paper - pages 2 and 6 were missing in the manuscripts sent to us, but the Results section is complete.

I have written to Dr Gallo asking if he would be willing to test for virus in the sero-positive patients and/or the PFC products they have received. I'll let you know of any developments in that area.

With kind regards.

Yours sincerely,

*Karin Froebel*

Dr Karin Froebel.
