Dr F Boulton  
Edinburgh and South-East Scotland  
Blood Transfusion Service  
Royal Infirmary  
EDINBURGH

Dear Frank

SUPPLIES OF 8Y

I have now confirmed that BPL are happy to supply 50 vials of 8Y to PFC on the understanding that, in the event that the material is used in suitable virign patients, appropriate serial samples would be taken to contribute to their overall infectivity study.

I think this is reasonable since the product is still in clinical trial. I will pass on the product to you as soon as possible and I would be grateful if you could inform Dr Ludlam of this arrangement.

With kind regards.

Yours sincerely

R J PERRY  
Director
