Dear Frank

PFC. HEAT TREATED FVIII (80-772 HRS)

Just a note to let you know that we have now successfully manufactured 2 batches of the above product and assuming all is well on the QA front, we are well on target to make product available for clinical trial end of August/beginning of September. All looks well at the moment and perhaps we can begin discussion with Chris Ludlam on this basis.

With kind regards.

Yours sincerely

R J PERRY  
Director

Dear Frank

REC HEAT TREATED FVIII (80 V12 HR2)

Just a note to let you know that we have now successfully manufactured 2 batches of the above product and shipping all as well as the DA product we are well on target to make product available for clinical trial end of August/beginning of September. All look well at the moment and perhaps we can begin discussion with this team on this point.

With kind regards,

Yours sincerely

R. J. PERRY  
Director
