Dear Frank

SPECIFICATION FOR NEW FVIII PRODUCT

I enclose a copy of the draft specification, against which the new (Z8) product will be released. Hopefully with experience, some of the criteria will prove to be overgenerous (protein content, fibrinogen content etc).

I also enclose a copy of the analytical data on the batch which we plan to release for the initial clinical evaluation. Please let me know if you require any further information and when you would like to receive the product.

With best wishes.

Yours sincerely

DR BRUCE CUTHBERTSON
Quality Assurance Manager
