## MESSAGE:

HEPATITIS C 'LOOK-BACK'

As David is now in London, he asked me to let you know that he, John Cash, Brian McClelland, Jack Gillon and I attended a meeting at SOHHD yesterday where the SNBTS proposal for hepatitis C look-back got a sympathetic hearing.

SOHHD are to consult with the Department of Health in London before a final decision is reached, while the SNBTS is to investigate the operational aspects of introducing a look-back policy.

You will hear more from David and John in due course.

Yours sincerely

Mairi Thornton  
National Donor Services Manager
