

Failure to respond would be interpreted as "no help possible".
The response faxes should also be filed.

3. Decisions on the feasibility and practicability of any donor Centre's offer of assistance must be a matter for the Consultant on-call. But these should be recorded and filed.

I would finally add that we (the RTDs) must now consider how to establish a sensible system which prevents the movement of RCCs down to E/W when there is a significant probability that they will be required by the SNBTS.

I've copied this letter to the gang because clearly these matters need discussions which will lead, I hope, to a coporate and co-ordinated policy/strategy. I'll see the topic is placed on a future agenda of the Co-ordinating Group.

Kindest regards,

Yours sincerely
