Dr. D.B.L. McClelland,
 Director,
 Regional Blood Transfusion Service,
 Royal Infirmary,
 Edinburgh. 3.

Dear Dr. McClelland,

Thank you for your offer of becoming Honorary Consultant in Infectious Diseases to the South East Scotland Blood Transfusion Service which I would happily accept. I am sure that such a connection would be of benefit to both our units not only in the areas of research but also for the management of patients. I therefore look forward to hearing from you again when you have discussed the matter with your National Director and the Common Services Agency.

Many thanks.

Yours sincerely,

R.P. Brettle.
Consultant Physician.
