Dear Dr Cash,

Dr Ray Brettle - Honorary Consultancy in Infectious Diseases

I have formally invited Dr Ray Brettle, recently appointed Consultant in Infectious Diseases at the City Hospital, to act as Honorary Consultant in infectious diseases to this Centre. We have worked a great deal with Dr Brettle over the years in relation to the diagnosis and management of patients with immune deficiency. In addition, his recent experience in the United States and his familiarity with the clinical problems of AIDS will make his services to us particularly valuable.

Dr Brettle has accepted this proposal and I enclose a copy of his letter.

I would be grateful to know if this proposal has your approval as National Medical Director and also, whether the matter should be referred either by me or by yourself for the approval of the CSA.

I look forward to hearing from you.

With kind regards.

Yours sincerely,

D B L McClelland,  
Director
