re: manuscript entitled:

Control of large-scale plasma thawing for recovery of cryo-precipitate factor VIII by P.R. Foster et al.

Dear Dr. Foster,

We are pleased to inform you that your manuscript has been accepted for publication in Vox Sanguinis.  
Proofs will be sent to you by the Publisher.

Your manuscript will be accepted for publication, provided that the alterations, suggested by the referees, will be made in the text.

The manuscript should be resubmitted for evaluation after revision in accordance with the referees' comments.

We regret to inform you that the manuscript cannot be accepted for publication in view of the referees' comments.
